Thoroughbred Mare

“COME ON NOW”

Come On Now “Lilly” is a beautiful 16 hand thoroughbred mare, born in 1998. She is a dark chestnut with 3/4 quarter stocking on her left hind leg. She also carries the rabicano gene. She has white rings around the base of her tail and scattered white hairs through her coat. Lilly has competed at the preliminary level in eventing, however due to lymes disease the stress of competition is too much for her. She is a wonderful trail/pleasure horse. She has been treated for the lymes and is healthy again.

She is currently in foal to Pegasus Pure Gold and is due April 9, 2008.

\$6,500
